NECESSITY FOR ECONOMY IN TELEGRAPHIC CORRESPONDENCE.

From: MOSCOW

To: CANBERRA.

No: 189

5 Sept. 1947

AMENDMENT

1. The remainder of this text is now available, and the opening sentences should be amended to read as follows:

"[B: Your no.] 72[?]. On 3rd September of this year the PLANT [ZAVOD][1] gave ENGINEER [INZHENER] an instruction about allotting for you additional funds [SREDSTVA] for telegraphic correspondence with us."

2. In view of the context in which ZAVOD now occurs on this line, the identification of it as "probably the Soviet Legation in CANBERRA" seems less firm. Pending further evidence, it will be carried as an unidentified organisation.
